Principal's Message

Leaving Forestville?

If your family are moving or your children will be attending another school in 2019, would you please email the school to let our administration team know. We need to arrange staffing and classes according to the numbers of students in attendance.

End of 2019

If your family is planning to leave for a holiday prior to the last day of school, Wednesday, 19 December, 2018, would you please advise your class teacher in writing. If it is longer than two weeks, please contact our administration team to complete the required application.

Schools Spectacular

Our senior dance and choir students will represent Forestville Public School at the Schools Spectacular 2019 at Homebush on Friday 23 and Saturday 24 November. An enormous amount of time and energy has gone into the rehearsals and our students are ready and raring to perform.

A huge thank you to Katy Costa, Jessica Brown and Anne Mackenzie for your support of our students and to all parents and carers for ensuring your children have this wonderful opportunity. We are very excited to see our students perform.

Thank you for your support.

Louisa Wellings (Relieving Principal)

Deputy Principal's Report

Your Child's First Smartphone – are they old enough?

Are you thinking of giving your child a smartphone this Christmas? The Office of eSafety Commissioner has released a fact sheet on their [iParent website](#) to give guidance to parents about what to consider when giving your child their first smartphone.

To read more about it, select the following link: <https://forestville.p.schools.nsw.gov.au/news/2018/11/your-child-s-first-smartphone.html>

Infectious Diseases

Schools and parents should contact their local public health unit for advice regarding infectious diseases. Primary school students who do not have proof of immunisation may have to stay at home during an outbreak of a vaccine preventable disease at school. Particular arrangements will be worked out by the local public health unit in consultation with the school.

Principals must contact their public health unit to notify any of the following vaccine preventable diseases:

- diphtheria
- haemophilus influenzae type b infections
- measles
- meningococcal type C
- mumps
- pertussis (whooping cough)
- poliomyelitis (Polio)
- rubella (German measles)
- tetanus

We have some information on infectious diseases including a collection of the NSW Health fact sheets on our school website under the G – L section of the A – Z information.

Live Life Well @ School

MAKE YOUR MOVE - BE ACTIVE FOR LIFE

Tips to be active:

- **Keep a box of balls** or a kite at home and in the car so you will always be ready for action!
- **Walk and talk.** Practice multiplication, spelling or other homework with your child while walking
- **Encourage activities** that strengthen muscle and bones at least 3 days per week e.g. hopscotch, martial arts or dance
- **Incidental activity counts!** Take the stairs, walk the dog, do some housework or spend time gardening.

For health benefits, children aged 5-12 years need at least 60 minutes of moderate to vigorous physical activity every day. Variety is important.

Do something life-changing this year

Teach ethics at your local school

For around an hour a week, you can teach an ethics class at your local school and help children develop skills for life.

Ethics classes support children to develop the skills they need to voice their opinions, consider the ideas of others and to make decisions based on evidence and reasoning rather than habit or peer pressure.

In ethics classes, children discuss ethical issues using an approved curriculum designed for each age group and include topics such as Laziness, Voting, How can we work out what's true? and imagining how others feel.

Volunteers are needed now to teach ethics classes at a school near you. Training and support is provided.

Only about an hour a week
